BALL OF THE KNIGHTS OF THE EMER-Ball, of the Knights of the Emeral
Ald Cross.—The first annual ball of the
Knights of the Emeral Cross took place
at Turner Hall last night. The floor was
well filled with dancers, who glided joyfully through the intricacies of the mazy
to the music of Jo. Kramer's superb
band. His Excellency Gov. Jacob was
expected to be present, and his absonce
was explained by the following letter,
which was read from the stage by Dr. F.
A. Galligan:

EXECUTIVE DEPT., STATE OF W. Va., WHEELING, Nov. 5, 1875.

Dr. Galligan:
May Dran Sin—I regret very much
that I am too unwell to comply with my
promise to you, to attend the ball of the
Knights of the Emerall Cross to-night. I
regret it the more, for I felt sure of a
hearty welcome, and warm hospitality
from my Irish friends.
The efforts of your order to harmonize
all Irishmen heretofore unhappily divided by sentiments that had their origin
in the struggles and sufferings of past cen-

n the struggles and sufferings of past cenaries, are worthy of all commendation; nd I wish for you the fullest success in his good object.

Very respectfully and truly yours,
John J. Jacon.

Arrangements had been made for Dani Cochran and Fred. Bright to tose the Indian clubs about on the stage during the evening for the amusement of those present, but owing to the death of a child of the latter he was unable to be present. Accordingly Mr. Cochran appeared and entertained the audience for a few moments with his club exercives, after which the prize, a beautiful silver goblet, was handed to him. The night was spent in tepsichorean pleasures, and some time before dawn the company separated, after having enjoyed a most happy time.

HINGES FOR CALIFORNIA. -The Wheel ing Hinge Company yesterday packed an order for 1,200 dozen of hinges by a San Francisco house, which will be shipped by steamer from New York. The Wheelng Hinge Company are building up putte a trade on the Pacific coast, having quite a trade on the Pacific coast, having made a number of large shipments within the past year. This is significant as showing that Wheeling with her skilled labor, cheap fuel and proximity to the great mineral deposite is more than able to overcome an adverse freight list, and not withstanding the propinquity of the great Eastern hinge factories to the Atlantic ports, can successfully compete with them for the important California trade, still having a fair margin of profit left.

CITY PERSONALS.—Hon. Charles Hedrick, Secretary of State, returned from Charleston yesterday morning.

Manager Hamilton returned from Pittsburgh last night.

Rev. J. A. Wright, of Pittsburgh, and Rev. J. A. Wright, of Sparta, are stopping at the Grant House.

Dr. Reiley preached in the Fourth Street M. E. Church last night.

Delegates Mason, of Jefferson county; Hutchinson, of Wood county, and Dix, of Nicholas county, are in the city.

Supt. Sylvis, of the Workhouse, has returned from his visit of inspection to Pittsburgh.

INSPECTING AN EATING-HOUSE,—As a couple of beef cattle were being driven down Market atreet yesterday afternoon, one of them intruded half its length into the door of Falloure's dining-half. There was a momentary banging on the ragged edge of uncertainty as to whether the African gentleman who supervises the dining-half, or the intruding bovine would command the situation. The bovine concluded to back out, and retired in good order.

THE BENWOOD BREAK.—The accident at the Benwood Mill the other day will not materially interfere with the ability of the company to fill all orders received. A flaw in the pitman rod caused it to break and pull out the head of the cylinder of the main engine, breaking the cylinder so that it cannot be repaired. The rod will be repaired, and a new cylinder put in, so that the mill will be running again in about eleven days.

COMMITTEE MEETINGS .- The various Council Committees are now busy pre-paring their regular monthly reports to present at the meeting of Council on Tuesday night next. Last evening the Committee on Accounts was in session at the City Building, and the Water Works Committee will meet to-night.

Ralph Marsh was the aurety. Jones was arrested in company with Daniel Crumbacker for bresking into a smole house on the National Road a few nights since.

A jury being waived, the case of N. Crawley vs. Isane Cotts was tried to the court and a verdict rendered for plainting for \$320 90.

The case of Isane Cotts vs. J. W. Cotta, set for yesterday, was continued by consent.

There were no cases before this courty yesterday morning. James Gilascock and Harry Uthman, who were arrested the previous evening for robbing Seamon's store, on the Island, confessed judgment before His Honor in the office, and were fined \$5 and costs each. The boys are only about twelve years of age, and were not taken before the court on account of their youth.
